

# UNION SMALL SANDER 2008

MULTIFUNCTIONAL SHORT RANGE SANDER WITH DIRECT TRANSMISSION 200 - 225 MM 800-1800 RPM 220 V 50-60HZ

Cod. **USS** version **200 mm** € 468,00

Cod. **USS2** version **225 mm** € 488,00

**LESS  
THEN  
3 kg**

**VERY POWERFUL  
EXTREMELY RELIABLE  
LIGHT AND AND BALANCED**

The particular direct and non-orbital transmission with its incomparable power of abrasion, allows rapid sanding or grinding, and it is particularly indicated for the perfect shaving of the walls in the most difficult points, and on any type of walls or support, as well as with optional accessories, it allows the polishing of marble and Venetian plaster, the removal of thermoplastic glazes and quartz on small surfaces, residues of glue or perfect leveling of scratches from pouring the concrete, and for all those abrasion works not possible for lack of power with similar orbital machines, that when they are under stress, they only vibrate the pad without rotate it as it happen with the union small sander, with inevitable loss of abrasive power. Furthermore, its bell if connected to an aspirator, allows to work in total absence of harmful dust.

## TECHNICAL SHEET

Direct Transmission  
 Motor 1010W - 220V  
 800 - 1800 RPM  
 Pads - 190 mm  
 Interface 195 - 210 mm  
 Discs - 200 - 225 mm  
 Diamond discs  
 of 125-180 mm.
